

# CRIS·INFO

## Clinical Research Information System Educational Sessions

The Clinical Research Information System—CRIS—now in development will offer the NIH intramural research community new tools for taking care of patients and collecting research data. The sessions, designed for physicians, nurses, allied health professionals and IT specialists, address issues surrounding the development and implementation of CRIS and similar systems.

CRIS educational sessions are presented by the CRIS Project Management Team.

Call 301-594-DCRI for more information.

### Reasonable Accommodations

For reasonable accommodations, contact the Department of Clinical Research Informatics at (301) 594-DCRI

June 13, 2002  
1:30 — 3 pm  
Lipsett Amphitheater

### New Technology and Access to Clinical Information: Convenience vs. Security

- **Handheld Devices: Obstacles and Benefits—One Hospital's Experience**  
Thomas Ague, Chief Operating Officer, and Richard Schaeffer, Chief Information Officer, St. Clair Hospital, Pittsburgh
- **Security Focus: the NIH Perspective on Handheld Devices**  
Jean-Paul Boucher, Principal, SRA International, Inc, and Wireless Systems Administrator, NIH Center for Information Technology

July 17, 2002  
1:30 — 3 pm  
Medical Board Room

### Lessons Learned but Not Forgotten Video Replay

- **Clinical Acceptance and Changing Clinical Practice**  
Joy Keeler, Chief Information Officer, University of Illinois at Chicago Medical Center (Repeat of the February 2002 lecture)
- **Implementation—The Good, the Bad and the Ugly**  
Ann C. Sullivan, Chief Information Officer, Maimonides Medical Center; President and Chief Executive Officer, Technology4Healthcare, Brooklyn, NY (Repeat of the February 2002 lecture)

July 23, 2002  
2 — 3:30 pm  
Lipsett Amphitheater

### System Design: The Human Factor Attention, Workload and Alarms—Keeping Patients Safe

- F. Jacob Seagull, PhD, Human Factors Research Program, University of Maryland School of Medicine

August 14, 2002  
1:30 — 3 pm  
Medical Board Room

### Implementing Electronic Patient Record Systems Video Replay

- Stephanie Reel, Chief Information Officer, Vice Provost for Information Technology, Johns Hopkins University; Vice President for Information Services, Johns Hopkins Medicine (Repeat of the August 2000 lecture)

### CME Accreditation

The NIH/FAES is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The NIH/FAES designates this educational activity for a maximum of 6 hours in category 1 credit toward the AMA Physician's Recognition Award. Claim only those hours actually spent in the activity.
